# FREE COVID TESTING

To learn more about the NYC Test & Trace Corps, visit [testandtrace.nyc](https://testandtrace.nyc) or call 1-844-NYC-4NYC (1-844-692-4692) to find other NYC Health + Hospitals testing locations in your community.

## What is the goal of the Test & Trace Corps?

The Corps aims to keep New Yorkers safe by reducing the spread of the virus and helping those with confirmed COVID-19 disease separate safely from others and protect their loved ones. There are three key components of the work of the Corps:

## TEST

**FREE**, confidential and safe COVID-19 testing is available to all New Yorkers at hundreds of testing sites across the City. The Corps aims to test 50,000 people per day by August 1.

Tracing's goal is to identify people who may have been exposed to the disease through close contact and help them find the best place to safely separate from others. With the help of thousands of trained public health professionals called Contact Tracers, this effort will provide support to New Yorkers who test positive for COVID-19.

Contact Tracers will make sure that everyone who tests positive for COVID-19 and their close contacts have the resources needed to safely separate in a hotel, free of charge or at home. Hotels will have 24/7 monitoring by skilled nurses and clinicians, wireless internet access, all meals provided, access to mental health and wellness services, and free unlimited local phone calls to stay connected to loved ones. For New Yorkers that choose to safely separate at home, the Take Care team will help them with access to food and medication delivery.

## TAKE CARE

Nasal Swab and Antibody Testing Offered  
At All Locations.

**NO INSURANCE NEEDED  
WALK IN'S WELCOME!**
